Country house with large plot and Mallorcan mill to renovate

This beautiful country house with a traditional Mallorcan mill is situated on a plot of approx. 72,000 m², with a constructed area of approx. 400 m², which is in need of complete renovation. This property is surrounded by nature and offers many possibilities. It could be converted into your home, an agrotourism near the beach or a ranch for breeding horses or other animals.

The property consists of two floors and currently has eight bedrooms, a kitchen with fireplace, but the layout can be adapted to the needs of the buyer. Furthermore, the property has two own water wells, a Mallorcan mill, a stable with a large storage room and a safe that could be converted into a swimming pool.

Please do not hesitate to contact us for more information or to arrange a viewing!
